## EDUCATION

---

**Northwestern University**, Evanston, IL

Ph.D. in Statistics, 2008.

**State University of New York at Stony Brook**, Stony Brook, NY

M.S. in Applied Mathematics and Statistics, 2003.

**Haverford College**, Haverford, PA

B.A. in Philosophy, 1996.

## PROFESSIONAL EXPERIENCE

---

**University of Connecticut**, Storrs, CT

*Associate Professor of Educational Psychology*. August 2017-Present.

*Program Coordinator*, Research Methods, Measurement and Evaluation Program. August 2018-Present.

*Affiliated Faculty*, Center for Education Policy Analysis

*Affiliated Faculty*, Center for Applied Research in Human Development.

*Affiliated Faculty*, Biostatistics and Methodology Core, UConn Institute for Collaboration on Health, Intervention and Policy (InCHIP).

*Statistician*, UConn Evidence Based Practice Center (for the Agency for Health Care Research and Quality)

*Assistant Professor of Educational Psychology*. August 2011-August 2017.

**Northwestern University**, Evanston, IL

*Institute of Education Sciences Post-Doctoral Fellow*, June 2008-August 2011.

## PROFILE

---

Dr. Christopher Rhoads received his Ph.D. in Statistics from Northwestern University (NU) and is currently an Associate Professor in the Department of Educational Psychology in the Neag School of Education at the University of Connecticut, where he teaches classes in research design and quantitative methods. He entered his current position following a three-year post-doctoral fellowship at the Institute for Policy Research at NU. Dr. Rhoads' research focuses on methodological and statistical approaches to improving causal inference in policy-relevant research, particularly in the design and analysis of large field studies for the purposes of policy evaluation. He has published articles in outlets such as *Journal of Educational and Behavioral Statistics*, *Journal of Research on Educational Effectiveness* and *British Journal of Mathematical and Statistical Psychology* and is acknowledged as an outstanding peer reviewer for two scholarly journals.

Dr. Rhoads has been a member of research teams conducting evaluation and efficacy grants in the areas of educational technology, (Institute for Education Sciences Goal 3) and housing and child welfare (Administration for Children and Families) and serves on the advisory boards for several IES and NSF funded projects. He is co-I for the National Center for Research on Gifted Education at the University of Connecticut. He is also currently co-PI for an IES Goal 1 development grant and co-I for an IES sponsored Javits grant. He is also a regular presenter at the IES funded Summer Research Training Institute for Cluster Randomized Trials, where he lectures on the topic of longitudinal models. He is an

active consultant on research design and methodological issues to research teams in the areas of both education and the social services.

## **RESEARCH INTERESTS**

---

Hierarchical/multi-level modeling; Design of field experiments in education research; Non-experimental designs for causal inference; statistical power and optimal experimental design.

## **FELLOWSHIPS AND AWARDS**

---

Outstanding Reviewer Award, Journal of Educational and Behavioral Statistics (2015, 2017, 2018)  
Outstanding Reviewer Award, Educational Administration Quarterly (2014)  
Institute for Policy Research Graduate Fellow, Northwestern University (2006-2008)  
Northwestern University Graduate Fellowship (2002-2004)  
VIGRE Fellowship (2001-2003)

## **Journal Articles (peer reviewed)**

---

- Lombardi, A., Riftenbark, G., Monahan, J., Tarconish, E. and **Rhoads, C.** (accepted). Aided by extant data: The effect of peer mentoring on achievement for college students with disabilities. *Journal of Postsecondary Education and Disability*.

- Rhoads, C.** and Dye, C. (2016). Optimal Design for Two Level Random Assignment and Regression Discontinuity Studies. *Journal of Experimental Education*, 84(3), 421-448.
- Leu, D., Forzani, E., **Rhoads, C.**, Maykel, C., Kennedy, C. and Timbrell, N. (2015). The new literacies of online research and comprehension: Rethinking the reading achievement gap. *Reading Research Quarterly* 50(1), 1-23. Newark, DE: International Reading Association. doi: 10.1002/rrq.85. An article about this study appeared in the *New York Times* (<http://www.nytimes.com/2014/09/24/us/academic-skills-on-web-are-tied-to-income-level.html>). This research was also cited in the FY2016 IES research education grants RFP.

**Rhoads, C.** (2014). Under what circumstances does external knowledge about the correlation structure improve power in cluster randomized designs? *Journal of Research on Educational Effectiveness*, 7(2), 205-224.

Wolff, E., Isecke, H., **Rhoads, C.** and Madura, J. (2013). Nonfiction reading comprehension in Middle School: Exploring an interactive software approach. *Educational Research Quarterly*, 37(1).

**Rhoads, C.** (2012) Problems with Tests of the Missingness Mechanism in Quantitative Policy Studies. *Statistics, Politics and Policy*, 3(1), Article 6.

Rhoads, S. and **Rhoads, C.** (2012) Gender roles and infant/toddler care: Male and female professors on the tenure track. *Journal of Social, Evolutionary, and Cultural Psychology*, 6(1), 13-31. This paper was discussed in articles in the NYT ([http://well.blogs.nytimes.com/2012/03/22/do-women-like-child-care-more-than-men/?\\_r=0](http://well.blogs.nytimes.com/2012/03/22/do-women-like-child-care-more-than-men/?_r=0)) and WSJ online (<http://blogs.wsj.com/ideas-market/2012/02/24/do-men-abuse-parental-leave/>) among other media outlets. It also stimulated an article with differing conclusions (Connelly, R. and Kimmel, J. (2015). If you're happy and you know it: How do mothers and fathers in the US really feel about caring for their children?, *Feminist Economics*, 21(1), 1-34). An accompanying blog post and response by Rhoads and Rhoads (834 words) can be found at <http://feministeconomicsposts.iaffe.org/2014/12/16/if-youre-happy-and-you-know-it/>.

**Rhoads, C.** (2011) The Implications of Contamination for Experimental Design in Education Research. *Journal of Educational and Behavioral Statistics*, 36(1), 76-104. Republished in Coryn, C.L. and Westine, C. (2015) *Contemporary Trends in Evaluation Research*. Thousand Oaks, CA: Sage Publications.

Hedges, L.V. and **Rhoads, C.** (2011) Correcting an Analysis of Variance for Clustering. *British Journal of Mathematical and Statistical Psychology*, 64(1), 20-37.

Mosnaim, G.H., Cohen, M., **Rhoads, C.**, Rittner, S.S. & Powell, L. (2008). Use of MP3 Players to Increase Asthma Knowledge in Inner-City African-American Adolescents. *International Journal of Behavioral Medicine*, 15, 341-346.

#### **STATISTICAL CONSULTING and TECHNICAL ADVISING (selected)**

---

**Marzano Research/ Regional Education Lab Central (REL-Central)**. Centennial, CO.  
*Technical Working Group*, 2017-Present.

Part of technical working group tasked with reviewing research projects proposed to REL and ensuring methodological quality of ongoing projects.

C.H. Rhoads

**University of Massachusetts Medical Center.** Worcester, MA.

*Consultant, 2016-2019.*

Advise research team of IES Efficacy Study of a pre-K social and emotional learning curriculum.

**Florida State University.** Tallahassee, FL.

*Consultant, 2017-Present.*

Advise research team regarding design and analysis issues for multiple studies of the Cognitively Guided Instruction professional development initiative.

**Mills College.** Oakland, CA.

*Technical Working Group, 2016-Present.*

Advise re. design and analysis issue for IES Efficacy study of fractions instruction

**Education Development Corporation.** Waltham, MA.

*Technical Advisor, 2013-2015, 2017-present.*

Advised on multiple studies exploring the impact of the Transition to Algebra Curriculum.

**American Institutes for Research.** Washington, D.C.

*Technical Working Group, 2013-2015.*

Technical working group for IES funded study of a math professional development program.

**ICF International/ Mid-Atlantic Regional Education Lab (REL).** Calverton, MD.

*Technical Working Group, 2012-2016.*

Part of technical working group tasked with reviewing all research projects proposed to REL and ensuring methodological quality of ongoing projects.

**Mid-continent Research for Education and Learning.** Denver, CO.

*Statistical Consultant, 2009-2017.*

Advised on multiple projects related to foundation, state and IES grants under the Exploration, Development and Efficacy Goals. Projects have included a cluster randomized trial of a robust vocabulary instruction program, a cluster randomized trial of a middle school Algebra readiness curriculum, an exploration study of the effects of Expeditionary Learning using propensity score matching and a development project about mathematics formative assessment.

**Early Intervention Research Institute at Utah State University.** Logan, UT.

*Statistical Consultant, 2009-2010.*

Advised on design and sample size issues for a grant to evaluate New Mexico's K-3 Plus program, which adds 25 extra days of instruction for students in certain New Mexico schools.

**Arroyo Research Services.** Los Angeles, CA.

*Technical Advisor, 2009.*

Advised on analytic issues arising from evaluation of Texas' statewide Dropout Recovery Pilot Program (TDRPP).

**Sixty-Seven Kilohertz/Lirix,** Evanston, IL.

*Statistical Consultant, 2004-2008.*

Advised on design issues and analyzed longitudinal data from an experiment designed to improve compliance with medication regimen among inner-city adolescents with asthma.

**WORKSHOPS**

---

**IES Summer Research Training Institute: Cluster Randomized Trials,**

Evanston, IL and Nashville, TN; Summer 2007-Summer 2016, Summer 2018, 2019.

*Teaching Assistant, Instructor, Group facilitator.* The goal of this 11 day training institute is to increase the national capacity of researchers to develop and conduct rigorous evaluations of the impact of education interventions. Participants receive instruction in all aspects of the grant preparation process as well instruction in design and analysis issues that arise in the context of large scale field experiments in education. Participants also break into small groups to develop sample IES grant proposals.

**Research Design in Education Research**

**(IES funded workshop for faculty from minority serving institutions).** Evanston, IL, July, 2014.

*Instructor.* Prepared lectures on basics of causal inference, experimental design, power analysis.

**Randomized Controlled Trials in Education.** University of Virginia, May, 2010.

*Developer and Instructor.* Developed two-day workshop describing the fundamentals of the design and analysis of randomized experiments in education for graduate students and post-doctoral fellows at Curry School of Education. Prepared syllabus, delivered lectures, invited guest speakers, etc.

**Introduction to Evaluation Research Design,** Washington D.C., SREE fall meetings 2011.

*Instructor.* Two-day workshop introducing principles of research design and the Campbell validity framework.

**Equitable Mathematics Classrooms Observation Tools conference.** Pittsburgh, PA, March, 2017

*Invited Participant.* One of 25 invited participants to this Spencer Foundation funded conference. EMCOT brought together scholars from different disciplines to work to identify and design measures for investigating practices that support equity and access to high-quality mathematics instruction specifically for low-performing African American students and English Language Learners.

**GRANTS FUNDED**

---

Internal

2012-2013 Principal Investigator. *Optimal Design for Regression Discontinuity Studies in Educational Evaluation*, UConn Faculty Large Grant Competition. (\$22,509).

2019-2020 Co-Principal Investigator. *Investigating the Relationship between Organizational Conditions and Effective Technology in Schools*, Neag School Dean's Research Incentive Award (\$9,960).

External

2012-2015 Co-Principal Investigator. *Project PAPER: Preparing Academics in Psychometrics and Educational Research*, U.S. Department of Education GAANN competition (PI- Betsy McCoach, \$399,000).

2013 Principal Investigator. *Evaluation of Readorium Rising Reader: Smart non-fiction Reading Comprehension Software for Students in Grades 3-5*, Institute of Education Sciences, SBIR competition (\$150,000; UConn budget: \$7,400)

2012-2018 Co-Investigator: Evaluation Methodology and Statistics. *Grant to study, develop and disseminate a model of Intensive Supportive Housing for Families*. Children's Bureau, Administration for Children, Youth and Families (ACYF), U.S. Department of Health and Human Services (\$5 million to CT Dept of Children and Families, \$1.1 million to UConn PI: Anne Farrell).

2013-2017 Key Personnel. *Developing STEM Workforce Skills and Dispositions through the GlobalEd 2 Project*. Institute of Education Science, Educational Technology competition (\$3.5 million, PI: Scott Brown)

2014-2019 Co-Principal Investigator. *National Center for Research on Gifted Education*. U.S. Dept. of Education. (\$5 million, PI: Del Siegle).

C.H. Rhoads

- 2016-2018 Principal Investigator. *Evaluation of the MathBrainius software*. National Science Foundation (\$730,000; UConn budget \$68,083).
- 2017-2019 Co-Principal Investigator. *Factors Affecting Comprehension by Teens During Online Reading in Science*. Institute of Education Sciences (\$599,852, PI: Don Leu).
- 2017-2022 Co-Investigator. *Project LIFT: Learning Informs Focused Teaching*. U.S. Dept. of Education, Jacob Javits Gifted and Talented Program (\$2.41 million, PI: Catherine Little).
- 2019-2024 Co-Principal Investigator (UConn PI). *What happens when students can't get into an online STEM course section? Online STEM course scarcity, student time poverty, and academic momentum*. NSF (\$2.5 million, PI: Claire Wladis).
